4.0 Governance

Governance comprises the set of principles and rules, values and culture, people and relationships, and systems and processes within and by which:

a. Strategic direction and oversight are provided;
b. Objectives are set and achieved;
c. Authority is exercised and controlled;
d. Risks are assessed and managed;
e. Compliance with laws and regulations is demonstrated; and
f. Those in control are held to account.

IGF’s governance and management objectives, expectations and protocols are underpinned by:

a. Strong and supportive leadership and direction;
b. Effective communication and consultation;
c. Informed and transparent decision making;
d. Mutual respect and team work across organisational boundaries;
e. Support for constructive change and adaptability; and
f. Pursuit of continual improvement and quality assurance
5.0 Documented Controls

The IGF has policies and procedures and other documented controls that are categorised based on their purpose, approval authority, scope and application, as set out in the following diagram:

5.1 Board & Committee Charters

The Board Charter outlines how the Board operates to fulfil its functions. The Committee Charters outlines how each IGF management committee conducts its specific functions and responsibilities.

5.2 Policies

Policies define IGF’s position and objective/s on matters of strategic significance and the relevant outputs and outcomes that IGF needs to deliver to achieve its policy objectives.

5.2.1 Criteria for Issuing Policies

Policies are developed, adopted and managed to realise one or more of the following objectives:

a. To support the achievement of the IGF’s objectives and strategic priorities;
b. To give effect to directions or advice from Board, the Executive Director;
c. To manage significant strategic or financial risks; and
d. To demonstrate compliance with applicable laws, regulations, mandatory government policies/standards, legal obligations and mandatory professional standards.

5.2.2 Categories of Policies

Policies are categorised into Governance and Operational policies. The Operational policies are subordinate to the Governance policies.

**Governance Policies**
Governance policies relate to Board’s reserved powers and governance responsibilities.

Compliance with Governance policies is mandatory across IGF, (unless the policy specifically excludes them).

**Operational Policies**
Operational policies govern the Organisation’s corporate/administrative functions and their strategies and activities.

These policies are approved by the Executive Director (unless reserved by the Board) based on advice and recommendations from the relevant members of the IGF’s Committees. The Executive Director may delegate the approval of operational policies to a member of the IGF’s Committees.

Compliance with Operational policies is mandatory across IGF (unless the policy specifically excludes them).

5.2.3 Policy Approvers and Owners

Ownership of policies is determined by reference to the Criteria for Issuing Policies. The party accountable for achieving the objective/s owns the relevant policy that supports or arises from that objective.

Depending on their categorisation, policies are approved either by Board or by the Executive Director. The Executive Director may delegate the approval of operational policies to a member of the IGF’s Committees.

Administrative changes to Governance policies are approved by the Executive Director.

Administrative changes to Operational policies are approved by the policy owners. The policy owner also owns the procedure/s linked to that policy.

5.2.4 Policy Requirements and Development

All policy requirements are principles-based, consistent with legal or regulatory obligations, and their adoption and effectiveness is evidenced and verifiable.

All new or revised policies are referred to relevant stakeholders for consultation prior to being issued.

Prior endorsement of the Executive Director’s is required for the development of a new policy or to make a significant change to an existing policy.

5.3 Procedures

Procedures describe the processes and activities that realise the outcomes defined in their parent policies. Procedures are categorised based on the categorisation of the parent policy.

Approval of some operational procedures may be reserved by the Executive Director.
Unless reserved by the Executive Director Operational procedures are approved by the relevant policy owner. New or revised procedures are referred to relevant stakeholders for consultation prior to being approved and issued. Compliance with procedures is mandatory across IGF (unless they are specifically included).

5.4 Quality Requirements

All documented controls with mandatory requirements must:

- Enable prudent and timely decisions to be made and IGF operations performed effectively and efficiently;
- Focus on delivering specific outputs and outcomes in a competent manner;
- Provide clarity of roles, responsibilities and accountabilities;
- Adopt a holistic and risk-based approach to the design and implementation of controls and for demonstrating compliance;
- Actively support automation and the innovative use of technology;
- Incorporate management assurance protocols to provide assurance on the effectiveness and efficiency of the documented control/s and to ensure their currency and continuous improvement; and
- Be based on approved document templates for policies and procedures and written in plain language.

In addition, any Athlete or Athlete Support Personnel who, directly or indirectly, violates the Code, as defined below, by offering, providing, or receiving any money, benefit or consideration to or from any other Covered Person or third party in exchange for access and/or accreditation to the IGF event or competition venue shall be deemed to have engaged in Aggravated Behaviour and be in violation of this Section.

The procedure used will be determined by the nature and the seriousness of the breach. Not every breach of the Code must be the subject of a formal investigation and determination.

In some cases, the Head of the IGF Integrity Unit may appoint the IGF Integrity Unit to investigate the facts and material relevant to the allegation(s). In other cases, the Head of the IGF Integrity Unit may determine the sanction and/or may decide to refer, at his/her sole discretion, the case to the IGF Tribunal for Hearing and/or to the relevant IGF Member to which the Athlete or Athlete Support Personnel is a member.

IGF GAMES REGISTRATION & REGULATIONS FORM FOR IGF TOURNAMENT PERSONNEL
POLICY OBJECTIVE

To be able to safeguard the integrity of the sport of golf by prohibiting any conduct that may impact improperly on the outcome of IGF Events and Competitions and to establish a mechanism of enforcement and sanction for those who, through their corrupt conduct, place the integrity of the sport at risk.

1. INTRODUCTION

The IGF is committed to support the integrity of sport and fight against the manipulation of competitions by adhering to the standards set out in the Olympic Movement Code on the Prevention of the Manipulation of Competitions and by requiring its members to do likewise.

1.1 The integrity of sport depends on the outcome of sporting events and competitions being based entirely on the competing merits of the participants involved. Any form of corruption that might undermine public confidence in the integrity of a sporting contest is fundamentally contrary to the spirit of sport and must be eradicated at all costs.

1.2 The IGF has adopted this Code as a means of safeguarding the integrity of the sport of golf by (i) prohibiting any conduct that may impact improperly on the outcome of any IGF Event or Competition and (ii) establishing a mechanism of enforcement and sanction for those who, through their corrupt conduct, place the integrity of the sport at risk.

1.3 The IGF is committed to taking all practical steps within its power to prevent corrupt practices undermining the integrity of the sport of golf. This commitment shall include:

   (a) raising awareness of this Code at all levels, including using existing and/or suitably adapted educational programmes and tools to provide information and educational materials to the widest possible target audience;
   (b) establishing the best means of monitoring sports betting at any IGF Event or Competition, including monitoring any irregular betting patterns that may occur;
   (c) establishing the best means for the receipt of third-party information on a confidential basis, for example, by establishing an Integrity ‘hot-line’;
   (d) establishing and, where appropriate, making use of effective channels for the exchange of intelligence and information related to the investigation and/or prosecution of Violations under this Code;
   (e) co-operating with competent national and international authorities where information in their possession may also amount to or evidence infringements of other applicable laws or regulations; and
   (f) exchanging information with partners in the Olympic Movement (i.e through the IOC Integrity Betting Intelligence System or otherwise) on acknowledged areas of best practice in relation to combatting manipulation in sport.

2. APPLICATION AND SCOPE

2.1 This Code shall apply to the Participants who participate or assist in any IGF Event or Competition and each Participant shall be automatically bound by, and be required to comply with, this Code by virtue of such participation or assistance.

2.2 It shall be the personal responsibility of every Participant to make him/herself aware of this Code including, without limitation, what conduct constitutes a Violation of the Code and to comply with those requirements. Participants must also
be aware that conduct prohibited under this Code may also constitute a criminal offence and/or a breach of other applicable laws and regulations. Participants must comply with all applicable laws and regulations at all times. Further, each Athlete shall have a duty to inform Athletes Support Personnel with whom they are connected of all the provisions of this Code and shall instruct them to comply with the Code. Any violation of this Code by an Athlete Support Personnel of an Athlete will be deemed to be a violation of this Code by the Athlete.

2.3 Each Participant submits to the exclusive jurisdiction of the IGF Tribunal convened under this Code to hear and determine charges brought by the IGF.

3. VIOLATIONS

The following conduct as defined in this Article constitutes a violation of this Code:

3.1 Betting

(a) Participation in, support for, or promotion of, any form of Betting related to any IGF Event or Competition (whether the Participant is directly participating or is otherwise taking place in Organisation in which the Participant is participating), including Betting with another Person on the result, progress, outcome, conduct or any other aspect of an IGF Event or Competition.

(c) Giving and/or receiving a Benefit for the provision of Inside Information regardless of whether any Inside Information is actually provided.
(d) Inducing, instructing, facilitating or encouraging a Participant to commit a Violation set out in this Rule 3.4.

3.5 Other Violations
(a) Any attempt by a Participant, or any agreement by a Participant with any other person, to engage in conduct that would culminate in the commission of any Violation of this Rule 3 shall be treated as if a Violation had been committed, whether or not such attempt or agreement in fact resulted in such Violation. However, there shall be no Violation under this Rule 3 where the Participant renounces his/her attempt or agreement prior to it being discovered by a third party not involved in the attempt or agreement.
(b) Knowingly assisting, covering up or otherwise being complicit in any acts or omissions of the type described in Rule 3 committed by a Participant.
(c) Failing to disclose to the IGF or other competent authority (without undue delay) full details of any approaches or invitations received by the Participant to engage in conduct or incidents that would amount to a Violation as set out in this Rule 3.

(e) Failing to cooperate with any reasonable investigation carried out by the IGF or other competent authority in relation to a possible breach of this Code, including failing to provide any information and/or documentation requested by the IGF or competent authority that may be relevant to the investigation.
(f) Obstructing or delaying any investigation that may be carried out by the IGF or other competent authority in relation to a possible violation of this Code, including without limitation concealing, tampering with or destroying any documentation or other information that may be relevant to the investigation.

(b) The nature or outcome of any Bet in issue;
(c) The outcome of the IGF Event or Competition on which the Bet was made or intended to be made;
(d) Whether or not the Participant’s efforts or performance (if any) in the IGF Event or Competition in issue were (or could be expected to be) affected by the acts or omissions in question;
(e) Whether or not the results in the IGF Event or Competition in issue were (or could be expected to be) affected by the acts or omissions in question;
(f) Any form of aid, abetment or attempt by a Participant that could culminate in a violation of this Code shall be treated as if a violation had been committed, whether or not such an act in fact resulted in a violation and/or whether that violation was committed deliberately or negligently;
(g) Whether or not any Benefit or other consideration was actually given or received;
Whether or not the manipulation included a violation of a technical rule of golf;
Whether or not the competition was attended by the competent national or international representative of the IGF.

4. BURDEN AND STANDARD OF PROOF

4.1 The IGF or other prosecuting authority shall have the burden of proving that a Violation has occurred under this Code. The standard of proof shall be whether the IGF or other prosecuting authority has proved a Violation to the comfortable satisfaction of the IGF Tribunal, a standard which is greater than the mere balance of probability but less than proof beyond a reasonable doubt.

4.2 Where this Code places the burden of proof on the Participant alleged to have committed a Violation to prove facts or circumstances, the standard of proof shall be by a preponderance of the evidence.

4.3 The IGF Tribunal shall not be bound by judicial Policy governing the admissibility of evidence and facts may be established by any reliable means, including but not limited to, admissions, evidence of third parties, witness statements, expert reports, documentary evidence and other analytical information.

4.4 The IGF Tribunal shall have discretion to accept any facts established by a decision of a court or professional disciplinary tribunal of any competent jurisdiction which is not subject to a pending appeal as irrefutable evidence against the Participant to whom the decision relates unless the Participant establishes that the decision violated the principles of natural justice.

4.5 The IGF Tribunal shall be entitled to draw an inference adverse against any Participant who is accused of committing a Violation if that Participant fails to appear in front of the IGF Tribunal if requested to do so a reasonable time in advance of the hearing without good reason as determined by the IGF Tribunal, or fails to comply with any information request that has been submitted in accordance with this Code.

5. INVESTIGATING A BREACH

5.1 Any allegation or suspicion of a Violation of this Code shall be reported to the Head of the IGF Integrity Unit.

5.2 The Head of the IGF Integrity Unit will examine possible breaches of this Code, report on its inquiries and deliberations and refer the case to the IGF Integrity Unit to conduct an investigation into the activities of any Participant. Such investigation may be conducted in conjunction with relevant competent national or international authorities (including criminal, administrative, professional and/or judicial authorities) and all Participants must co-operate fully with such investigations. The IGF Integrity Unit shall have discretion, where it deems it appropriate, to stay its own investigation pending the outcome of investigations conducted by other competent authorities.

5.3 As part of any such investigation, if the IGF Integrity Unit reasonably suspects that a Participant has committed a Violation of this Code, it may make a written demand to such Participant for information that is related to the alleged Violation and/or require the attendance of such Participant for interview, or a combination of the two. Any interview shall be at a time and place to be determined by the IGF Integrity Unit and the relevant Participant shall be given reasonable notice in writing of the requirement to attend. Interviews shall be recorded and the Participant shall be entitled to have legal counsel and an interpreter present. If the respondent party is a minor, he/she should have a parent or guardian present.
5.4 Upon request by the IGF, the concerned Participant must provide any information which the IGF considers may be relevant to investigate the alleged violation, including records relating to the alleged violation (such as betting account numbers and information, itemised telephone bills, bank statements, internet service records, computers, hard drives and other electronic information storage devices), and/or a statement setting out the relevant facts and circumstances around the alleged violation.

5.5 Following an investigation, the IGF Integrity Unit shall provide the Head of the Integrity Unit with a report including the findings and facts, the conclusion and recommendation(s) of its investigation.

6. ISSUING A NOTICE OF CHARGE

6.1 Where, following the investigation's report from the IGF Integrity Unit, the Head of the IGF Integrity Unit determines that there is a case for the Participant to answer under Rule 3, the Head of the IGF Integrity Unit shall issue the Participant with a written Notice of Charge setting out the following:
   (a) The specific Violation(s) that the Participant is alleged to have committed;
   (b) The facts upon which such allegation(s) are based;
   (c) The range of sanctions applicable under the Code for such Violations;
   (d) Details relating to the Participant’s response to the Notice of Charge within a specified deadline; and
   (e) The Participant’s right to have the matter determined by a hearing.

6.2 The Notice of Charge shall also specify that, if the Participant wishes to exercise his/her right to a hearing, he/she must submit a written request for a hearing so that it is received by the IGF as soon as possible but in any event within 14 days of receipt of the Notice of Charge. The request must state how the Participant responds to the charge and must explain (in summary form) the basis for such response.

6.3 If the Participant fails to file a written request for a hearing by the specified deadline, he/she shall be deemed to have:
   (a) waived his/her right to a hearing;
   (b) admitted that he/she has committed the Violation(s) specified in the Notice of Charge; and
   (c) acceded to the range of applicable sanctions specified in the Notice of Charge.

6.4 Where the Participant requests a hearing in accordance with Rule 6.2 the matter shall proceed to a hearing in accordance with Rule 7. Where the Participant is deemed to have waived his/her right to a hearing and to have admitted the Violation(s) in accordance with Rule 6.3, any hearing held at the IGF’s discretion shall be limited to determining the applicable sanctions only.

6.5 In any case where the IGF decides to charge a Participant with a violation under this Code, it shall have discretion, in circumstances where it considers that the integrity of the sport could otherwise be seriously undermined, to provisionally suspend the Participant pending the relevant tribunal's determination of whether he has committed a Violation. A provisional suspension shall be effective from the date of notification to the Participant in accordance with this Code. Alternatively, the Participant may accept a voluntary suspension from competition provided that it is confirmed in writing to the IGF. A voluntary suspension shall be effective only from the date of receipt of the Participant’s written confirmation of such to the IGF.

6.6 A decision to impose a provisional suspension on a Participant shall not be subject to appeal.
6.7 If a Participant retires whilst a disciplinary procedure under this Code is underway, the IGF shall retain jurisdiction to complete the relevant procedure. If the Participant retires before any disciplinary procedure has begun, the IGF shall nevertheless have jurisdiction to conduct the relevant procedure.

7. **RIGHT TO A FAIR HEARING**

7.1 Where the Head of the IGF Integrity Unit alleges that a Participant has committed a Violation of this Code and the Participant denies the allegation and/or disputes the sanctions to be imposed for such Violation, then the matter shall be referred to a hearing before the IGF Tribunal.

7.2 The hearing process shall respect the following principles: the right to a timely, fair and impartial IGF Tribunal either by appearing personally in front of the IGF Tribunal and/or submitting a defence in writing, the right to be represented by counsel (at the Participant’s expense), the right to respond to the asserted anti-corruption rule violation and range of resulting sanction; the right of each party to present evidence, including the right to call and question witnesses (subject to the IGF Tribunal’s discretion to accept evidence by telephone or written submission), the Participant’s right to an interpreter at the hearing (with the IGF Tribunal to determine the identity and responsibility for the cost of the interpreter) and a timely, written reasoned decision specifically including an explanation of the reason(s) for the sanction imposed.

7.3 Once the parties have made their submissions, the IGF Tribunal shall determine whether a Violation has been committed. Where the IGF Tribunal determines that a Violation has been committed and this Code specifies a range of possible sanctions for such Violation, the IGF Tribunal shall also fix the appropriate sanction within that range after considering any submissions on the subject that the parties may wish to make.

7.4 The IGF Tribunal shall issue a decision in writing, with reasons, within 7 days after the conclusion of the hearing. The decision will set out and explain:
   (a) the IGF Tribunal’s findings as to whether any Violation has been committed;
   (b) the IGF Tribunal’s findings as to what sanctions, if any, are to be imposed;
   (c) the date that any period of ineligibility shall commence; and
   (d) the rights of appeal described in Rule 9.

8. **CONFIDENTIALITY**

8.1 The principle of confidentiality shall be strictly respected by the IGF during all the procedure and information shall only be exchanged with entities having a need to know. It must also be strictly respected by any person concerned by the procedure until there is public disclosure of the Case.

8.2 Anonymity of the person making a report shall be strictly respected by the IGF.

9. **SANCTIONS**

9.1 If the Tribunal decides that a Participant has committed a Violation, the Tribunal shall be entitled to impose a period of ineligibility on the Participant. It shall fix the period of ineligibility within that range based on its assessment of what is proportionate in all of the facts and circumstances of the case, taking into account in particular:
   (a) The nature of the breach(es).
   (b) The degree of culpability of the Participant
   (c) The harm that the breach(es) has/have done to the sport
   (d) The need to deter future breaches, and
9.2 Ineligibility
(a) The period of ineligibility shall commence on the date the decision of the IGF Tribunal is published and shall end on the date stated in the published decision. The IGF Tribunal may at its sole discretion reduce the period of ineligibility imposed by any period of provisional suspension already served by the Participant prior to the decision being reached.
(b) No Participant shall participate in any capacity in any IGF Event or Competition during his/her period of ineligibility as imposed by the IGF Tribunal save that, if directly invited by the IGF, an ineligible Participant may attend an Event in an educational capacity as part of a Prevention of the Manipulation of Competitions’ program organised by the IGF.
(c) If a Participant violates any prohibition on participation imposed in accordance with this Rule 9, such Participant shall be disqualified immediately from the relevant Event or Competition and the period of ineligibility originally imposed in accordance with this Code shall recommence from the date of such violation.
(d) This Code shall continue to apply to any ineligible Participant and any Violation committed during a period of ineligibility shall be treated as a distinct Violation and separate proceedings shall be brought against the Participant in accordance with this Code.

9.3 Financial Sanctions
The IGF Tribunal has the discretion to impose a fine in addition to ineligibility.

9.4 Disqualification of Results
If a Participant is found to have committed a Violation at Events or Competitions that they have entered, the Participant’s results of the Event(s) or Competition(s) will be disqualified.

9.5 Aggravating and Mitigating Factors
(a) In imposing a Sanction in accordance with this Rule 9, the IGF Tribunal shall be entitled to consider the existence of any aggravating and/or mitigating factors.
(b) Aggravating factors which may be considered by the IGF Tribunal shall include (without limitation and where applicable):
   (a) a failure to co-operate by the Participant with any investigation or requests for information;
   (b) any previous Violations by the Participant;
   (c) the Participant receiving or being due to receive a significant Benefit in connection with the Violation;
   (d) the Violation having affected or having the potential to affect the course or result of an Event or Competition;
   (e) the Participant displaying a lack of remorse (including, for example, refusing to take part in Prevention of the Manipulation of Competitions’ educational programs organised by the IGF); and
   (f) any other aggravating factor the IGF Tribunal deems relevant.

9.6 Mitigating factors which may be considered by the IGF Tribunal shall include (without limitation and where applicable):
(a) co-operation by the Participant with any investigation or requests for information;
(b) a timely admission of guilt by the Participant;
(c) the Participant’s clean disciplinary record;
(d) the youth or inexperience of the Participant;
(e) the Violation not having affected or not having the potential to affect the course or result of an Event or Competition;
(f) the Participant displaying remorse (including, for example, agreeing to take part in Prevention of the Manipulation of Competitions’ educational programs organised by the IGF); and

(g) any other mitigating factor the IGF Tribunal deems relevant.

10. RIGHT OF APPEAL

10.1 Appeals against decisions of the IGF Tribunal may be lodged with the IGF Appeals’ Panel, either by the IGF or the respondent(s) who is the subject of the decision.

10.2. The time for filing an appeal to the IGF Appeals’ Panel shall be fourteen (14) days from the date of receipt of the decision by the appealing party.

10.3. Any decision and any Sanctions imposed shall remain in effect while subject to the appeal process unless the Appeals’ Panel directs otherwise.

11. FURTHER APPEAL

11.1 Any further appeal against the decision by the Appeals’ Panel can only be lodged with the Court of Arbitration for Sport (CAS) in Lausanne, Switzerland. The CAS shall act as an arbitration tribunal and there shall be no right to appeal to any other jurisdictional body.

11.2 The time for filing an appeal to CAS shall be twenty-one (21) days from the date of receipt of the decision by the appealing party.

12. RECOGNITION OF DECISIONS

12.1 Final decisions in relation to a Participant that are within the Olympic Games’ jurisdiction and based on the same or similar Code as the Olympic Movement Code on the Prevention of the Manipulation of Competitions shall be recognised and respected by the IGF upon receipt of notice of the same. Any disciplinary process, so far as determining a Participant’s Sanction beyond the sanction imposed by the IOC is concerned, shall be determined by the IGF in accordance with this Code.

13. NOTICE OF THE TRIBUNAL DECISION

Within 7 days, the Tribunal chairperson will:

- forward a notice of the Tribunal’s decision to the Head of the IGF Integrity Unit, to the IGF Executive Director and including any disciplinary measures imposed.

  Upon request, the relevant organisation will be granted access to all related documents, facts and findings of the investigations and hearing.
- forward a letter reconfirming the Tribunal’s decision to the parties, including any disciplinary measures imposed. The letter should also outline the process and grounds for an appeal, if allowed. If matter is especially complex or important, the Tribunal chairperson may inform the parties in writing within 7 days that the decision will be delayed for a further 7 days.
14. STATUTE OF LIMITATIONS

14.1 No action may be commenced under this Code against a Participant for a Violation of this Policy unless such action is commenced within eight (8) years from the date on which the Violation occurred.

14.2 Subject to Rule 12.1 above, the IGF may temporarily suspend any investigations under the Code to avoid prejudice to and/or to give precedence to, investigations conducted by the relevant authorities into the same or related matters.

15. AMENDMENTS AND INTERPRETATION

15.1 This Code may be amended from time to time by the IGF.

15.2 The Code is, by its nature, competition rules governing the conditions under which the sport of golf is to be held. They are not intended to be subjected to or limited by the requirements and legal standards applicable to criminal proceedings or employment matters. The policies and standards set out in this Code as a basis for the fight against the manipulation of competitions in the sport of golf represent a broad consensus of those with an interest in fair sport and should be respected by all courts and adjudicating bodies.

15.3 This Code shall be interpreted as an independent and autonomous text and not by reference to existing law or statutes.

15.4 The headings and sub-headings in this Code are for convenience only and shall not be deemed to be part of the substance of this Code or to affect in any way the language of the provisions to which they refer.

15.5 The Definitions in section 18 of this document shall be considered an integral part of this Code.

15.6 If any rule or provision of this Code is held to be invalid, unenforceable or illegal for any reason, it shall be deemed to be deleted and the Code shall otherwise remain in full force and effect.

16. MUTUAL RECOGNITION

16.1 Subject to the right of appeal, any decision in compliance with this Code by a Sporting Organisation must be recognised and respected by all other Sporting Organisations.

**Article 1 Scope of application**
Within the framework of IGF’s activities, all participants undertake to respect and ensure respect of the below rules. “Participants” refers to the IGF and its members or representatives, the IGF officials and any persons or organisation belonging in any capacity whatsoever to the IGF or to one of its affiliated members, the Organising Committee of the IGF Events and Competitions, Tournament Support Personnel, IGF employees and volunteers, Athletes and Athletes Support Personnel at the IGF Events and Competitions, and members of the IGF Board.

In the context of the provisions of these Rules, a distinction is made between, on the one hand, a “potential conflict of interest” or “perceived conflict of interest” and, on the other hand, an “actual conflict of interest”.

- A potential conflict of interest, or perceived conflict of interest, arises when the opinion or decision of a person, acting alone or within an organisation, could be reasonably considered as liable to be influenced by, relations that the aforementioned person has, has had or is on the point of having with another person or organisation that would be affected by the person’s opinion or decision.

4.1 Only actual conflicts of interest are prohibited. It is the personal responsibility of each person to avoid any case of actual conflict of interest. Faced with a situation of potential conflict of interest or perceived conflict of interest, the person must refrain from expressing an opinion, from making a decision or participating in the decision-making process.

III. Nationality
An Athlete will be considered a national of a country if the Athlete is a citizen of the country, as defined by the laws of such country.
An Athlete who is a national of two or more countries at the same time may represent either one of them, as the Athlete may elect. However, after having represented one country in an International Golf Competition, the Athlete may not represent another country unless first meeting the conditions set forth below that apply to persons who have changed their nationality or acquired a new nationality.

An Athlete who has represented one country in an International Golf Competition, and who has changed nationality or acquired a new nationality, may participate in another International Golf Competition representing the new country provided that, as of the start of the qualification period for such event, at least four years have passed since the Athlete last represented his/her former country. This period may be extended, reduced or even cancelled, with the agreement of the sanctioning organization, which takes into account the circumstances of each case and any applicable guidelines and standards provided by the IGF.

If an associated state, province or overseas department, a country or colony acquires independence, if a country becomes incorporated within another country by reason of a change of border, or if a country merges with another country, an Athlete may continue to represent the country to which the Athlete belongs or belonged. However, if the Athlete prefers, the Athlete may elect to represent the new country. This particular choice may be made only once for any other International Golf Event including future Olympic Games.

Furthermore, in all cases in which an Athlete would be eligible to participate in an International Golf Competition, either by representing another country than his/her or by having the choice as to the country which such Athlete intends to represent, the sanctioning organization may take all decisions of a general or individual nature with regard to issues resulting from nationality, citizenship, domicile or residence of any Athlete, including the duration of any waiting period, taking into account the circumstances of each case and any applicable guidelines and standards provided by the IGF.

### IV. Countries and Continents

For the purposes of defining a country (or territory, if applicable) of which an Athlete is a national, the current list of National Olympic Committees as recognized by the International Olympic Committee will be used. For International Golf Competitions other than the Olympic Games and Youth Olympic Games, England, Scotland and Wales will be considered to be separate countries.

For the purposes of defining the continent of Europe as it relates only to certain International Golf Competitions which either include all countries within Europe as a team or exclude all countries within Europe from a team, the following countries will be considered to be within Europe and not part of regions other than Europe:

V. Rankings
An Athlete should ensure that his/her nationality is correctly listed on the appropriate world golf ranking system. For women’s International Golf Competitions, this shall be the Rolex Women’s World Rankings. For men’s International Golf Competitions, this shall be the Official World Golf Rankings. For the purposes of applying this policy, the Athlete will be presumed to be a national of the country listed on the appropriate world rankings system, subject to verification in accordance with this policy. Any decisions taken related to an Athlete’s nationality in accordance with this policy shall be referred by the IGF to the appropriate ranking system, who shall display the correct nationality of each Athlete within the rankings.

An Athlete eligible to participate in an International Golf Competition by representing another country to the one previously represented (by either changing nationality or acquiring a new nationality) in accordance with this policy will only be eligible for International Golf Competitions for which the qualification period has not yet started, unless otherwise allowed by the sanctioning organization.

An Athlete eligible to participate in an International Golf Competition by having the choice as to the country which such Athlete intends to represent in accordance with this policy will only be eligible for International Golf Competitions for which the qualification period has not yet started, unless otherwise allowed by the sanctioning organization.

An Athlete who changes his/her nationality for an International Golf Competition prior to the qualifications and eligibility period beginning for such event, yet subsequently fails to qualify for the competition, is subject to the provisions of this policy including the time periods prescribed herein.

POLICY DESCRIPTION
The IGF recognises that Equal Employment Opportunity is a matter of employment obligation, social justice and legal responsibility. It also recognises that prohibiting discriminatory policies and procedures is sound management practice. This policy has been designed to facilitate the creation of a workplace culture that maximises organisational performance through employment decisions. These decisions will be based on real business needs without regard to non-relevant criteria or distinctions, and will ensure that all decisions relating to employment issues are based on merit.

Purpose
This policy is designed to ensure that the IGF complies with all of its obligations under the relevant legislation.

Definitions
“Participants” refers to the IGF and its members or representatives, the IGF officials and any persons or organisation belonging in any capacity whatsoever to the IGF or to one of its affiliated members, the Organising Committee of the IGF Events and Competitions, Tournament Support Personnel, IGF employees and volunteers, Athletes and Athletes Support Personnel at the IGF Events and Competitions, and members of the IGF Board.

“Tournament Support Personnel” refers to any tournament director, owner, operator, employee, volunteer, referee, technical official, IGF employee, and any of their respective agents, delegates, commissioners, or contractors, and any similarly situated person at an IGF Event or Competition and any other person who receives accreditation for an IGF Event or Competition at the request of Tournament Support Personnel.

Discrimination occurs if a person treats, or proposes to treat, a person with an attribute unfavourably because of that attribute. It can also occur if a person imposes, or proposes to impose, a requirement, condition or practice that has, or is likely to have, the effect of disadvantaging persons with an attribute; and that is not reasonable.

Equal Employment Opportunity consists of ensuring that all employees are given equal access to training, promotion, appointment or any other employment related issue without regard to any factor not related to their competency and ability to perform their duties.

Victimisation means subjecting, or threatening to subject, a person to any detriment because they have:

• asserted their rights under equal opportunity law;
• made a complaint;
• helped someone else make a complaint; or
• refused to do something because it would be discrimination, sexual harassment or victimisation.

Policy
The IGF is an equal opportunity employer and will provide equality in employment for all people employed or seeking employment.
Every person will be given a fair and equitable chance to compete for appointment, promotion or transfer, and to pursue their career as effectively as others.
Employment decisions relating to appointment, promotion and career development will be determined according to individual merit and competence.
Consistent with this, the IGF does not condone any form of unlawful discrimination or vilification, including that which relates to:

- gender;
- pregnancy;
- potential pregnancy;
- breastfeeding
- marital/domestic status;
- disability;
- race, colour, national extraction, social origin, descent, and ethnic, ethno-religious or national origin;
- age;
- family responsibilities, family status, status as a parent or carer;
- sexuality;
- HIV/AIDS vilification;
- religious belief or activity;
- political belief or activity;
- industrial activity;
- employer association activity;
- trade union activity;
- physical features;
- LGBTQ
- profession, trade, occupation or calling;
- medical record; and
- criminal record.

In all cases no factors other than performance and competence are to be used as the basis for performance assessment, training and development opportunities and promotions.

PROCEDURES
Responsibilities
It is the responsibility of the IGF Executive Director to ensure that:

- all managers understand and are committed to the principles and legislation relating to equal opportunity and applying it in the workplace;
- employment decisions relating to appointment, promotion and career development are determined according to individual merit and the individual’s inherent ability to carry out the job;
- the organisation has a workplace culture that encourages equal employment opportunity; and
- sets an example by their own behaviour.
- all managers, supervisors and staff are aware of and understand their obligations, responsibilities and rights in relation to equal employment opportunity;
- all managers, supervisors and staff are committed to operating in accordance with the equal opportunity laws in the workplace;
- any matter which does not comply with the principles of equal employment opportunity are identified and addressed as promptly and sensitively as possible;
- immediate and appropriate steps are taken to minimise or eliminate unlawful harassment, discrimination, and bullying in the workplace; and
- ongoing support and guidance is provided to all employees in relation to equal employment opportunity principles and practice in the workplace.

It is the responsibility of all Participants to ensure that they:

- comply with this policy and treat all colleagues and customers with respect and professionalism without regard to non-relevant criteria or distinctions;
• refrain from engaging in discriminatory or harassing behaviour; and
• inform their manager if they believe that they (or someone else) have been treated unfairly.

Employees who believe they are being treated unfairly as a result of discrimination should promptly notify the Head of the IGF Integrity Unit. Should a complaint of discrimination or harassment be made, it will be investigated in a confidential and procedurally fair manner. If proven, the person responsible will be disciplined. In serious cases, this may involve dismissal.
POLICY DESCRIPTION

The IGF endorses diversity, supports equal rights, and does not advocate, support or practice discrimination based on race, religion, age, national origin, language, sex, sexual orientation, or mental or physical handicap, whether covered by applicable legislation or not, except where affirmative action may be required to redress individual or social handicaps of people from disadvantaged groups.

21. IGF SEXUAL HARASSMENT POLICY

Policy Number: ED21
Last update: September 2020

POLICY DESCRIPTION
The IGF recognises the right of every employee and volunteer to be able to attend work and to perform their duties without being subjected to any form of sexual harassment.

It is the obligation and responsibility of the Participants to ensure that the IGF workplace and event and competition venues are free from sexual harassment.

“Participants” refers to to the IGF and its members or representatives, the IGF officials and any persons or organisation belonging in any capacity whatsoever to the IGF or to one of its affiliated members, the Organising Committee of the IGF Events and Competitions, Tournament Support Personnel, IGF employees and volunteers, Athletes and Athletes Support Personnel at the IGF Events and Competitions, and members of the IGF Board.

“Tournament Support Personnel” refers to any tournament director, owner, operator, employee, volunteer, referee, technical official, IGF employee, and any of their respective agents, delegates, commissioners, or contractors, and any similarly situated person at an IGF Event or Competition and any other person who receives accreditation for an IGF Event or Competition at the request of Tournament Support Personnel.

The IGF is fully committed to its obligation to eliminate sexual harassment.

Purpose
The purpose of this document is to outline IGF’s position on sexual harassment and to document the process which is to be followed should any grievances arise.

Definitions
Sexual harassment means any unwelcome sexual advance, unwelcome request for sexual favours, or other unwelcome conduct of a sexual nature which makes a person feel offended, humiliated or intimidated, and where that reaction is reasonable in the circumstances. Examples of sexual harassment include, but are not limited to,

- staring or leering
- unnecessary familiarity, such as deliberately brushing up against you or unwelcome touching
- suggestive comments or jokes
- insults or taunts of a sexual nature
- intrusive questions or statements about your private life
- displaying posters, magazines or screen savers of a sexual nature
- sending sexually explicit emails or text messages
- inappropriate advances on social networking sites
- accessing sexually explicit internet sites
- requests for sex or repeated unwanted requests to go out on dates
- behaviour that may also be considered to be an offence under criminal law, such as physical assault, indecent exposure, sexual assault, stalking or obscene communications
Behaviour that is based on mutual attraction, friendship and respect is not sexual harassment.

Policy
The IGF will not tolerate sexual harassment under any circumstances. Responsibility lies with the Participants to ensure that sexual harassment does not occur.

This policy applies to conduct that takes place in any IGF Event or Competition and work-related context, including conferences, work functions, social events and business trips.

No employee or volunteer at any level should subject any other employee, volunteer, fan or spectator to any form of sexual harassment.

A breach of this policy will result in disciplinary action, up to and including termination of employment. The IGF strongly encourages any employee who feels they have been sexually harassed to take immediate action. If an employee or volunteer feels comfortable in doing so, it is preferable to raise the issue with the person directly with a view to resolving the issue by discussion. The employee or volunteer should identify the harassing behaviour, explain that the behaviour is unwelcome and offensive and ask that the behaviour stops.

Alternatively, or in addition, they may report the behaviour in accordance with the relevant procedure outlined below. Once a report is made the organisation has the right to determine how the report should be dealt with in accordance with its obligations and this policy.

Any reports of sexual harassment will be treated seriously and promptly with sensitivity. Such reports will be treated as completely confidential up to the point where a formal or informal complaint is lodged against a particular person, at which point that person must be notified under the rules of natural justice.

Complainants have the right to determine how to have a complaint treated, to have support or representation throughout the process, and the option to discontinue a complaint at any stage of the process.

The alleged harasser also has the right to have support or representation during any investigation, as well as the right to respond fully to any formal allegations made. There will be no presumptions of guilt and no determination made until a full investigation has been completed.

No employee or volunteer will be treated unfairly as a result of rejecting unwanted advances. Disciplinary action may be taken against anyone who victimises or retaliates against a person who has complained of sexual harassment, or against any employee or volunteer who has been alleged to be a harasser.

All employees and volunteers have the right to seek the assistance of the relevant tribunal or legislative body to assist them in the resolution of any concerns.

Managers or Supervisors who fail to take appropriate corrective action when aware of harassment of a person will be subject to disciplinary action.

PROCEDURES
Complaint Process
Sexual harassment can occur at any level of the organisation, can be experienced by both men and women and may involve a co-worker, volunteer, supervisor, manager, service provider, client or customer. Lack of intent is no defence in sexual harassment cases.

Any person covered by this policy who believe he/she is the subject of sexual harassment should take firm, positive and prompt action.

Where possible, he/she should make the perceived harasser(s) aware that he/she find their behaviour offensive, unwelcome, unacceptable, and that it needs to stop immediately.

If the behaviour continues, or if he/she feels unable to speak to the perceived harasser(s) directly, he/she should contact their Supervisor, Manager, the Head of the IGF Integrity Unit via the IGF Integrity Hotline. Alternatively, he/she may contact the Executive Director or another Manager he/she feels comfortable with. The Manager will provide support and ascertain the nature of the complaint and the wishes of the complainant.

Informal Intervention
The Manager will explain the person’s rights and responsibilities under organisation’s policy.

Informal intervention may be undertaken through a process of mediation or conciliation. During informal intervention, the alleged harasser will be made aware of the allegations being made against them and given the right to respond.

This procedure will be complete when the complainant and the respondent come to an agreement on the procedure to be followed. If this occurs, no record will be made of the proceedings, and any subsequent proceedings will begin de novo. If this does not occur, the formal procedure should be followed.

Formal Complaints Procedure
The Manager may be obliged to carry out a formal investigation in relation to a complaint of sexual harassment.

The formal procedure will be co-ordinated by the Manager, who will be guided by the Head of the IGF Integrity Unit.

Formal investigations may be conducted internally (by a manager or officer) or by the IGF Integrity Unit.

An investigation involves collecting information about the complaint and then making a finding based on the available information as to whether or not the alleged behaviour occurred. Once a finding is made, the Head of the IGF Integrity Unit will make recommendations about resolving the complaint.

The investigator may need to interview the parties involved (which may include the complainant, the respondent, and any witnesses) to obtain information regarding the complaint. The investigator will comprehensively and accurately document all information obtained during the interviews including the parties involved, timing, location, and nature of conduct complained against.

If the Head of the IGF Integrity Unit considers it appropriate for the safe and efficient conduct of an investigation, workplace participants may be stood down from work or provided with alternative duties during an investigation in which case they will be paid their normal pay during any such period.
Throughout the investigation process, all parties involved in the investigation will be regularly kept informed about the investigation.

Records are to be kept and filed in a confidential and secure place. These records should be kept for a period of seven years. Under no circumstances will records be placed on the complainant’s personnel file.

The findings as to whether sexual harassment has occurred will be determined on the basis of the evidence, and on the balance of probabilities.

On the basis of the findings, possible outcomes of the investigation may include, but will not be limited to, any combination of the following:

- Counselling;
- Disciplinary action against the harasser (e.g. demotion, transfer, suspension, probation or dismissal);
- Official warnings that are noted in the respondent’s personnel file;
- Disciplinary action against the person who complained if there is strong evidence that the complaint was vexatious or malicious;
- Formal apologies and undertaking that the behaviour will cease;
- Conciliation/mediation conducted by an impartial third party where the parties to the complaint agree to a mutually acceptable resolution;
- Reimbursing any costs associated with the harassment;
- Re-crediting any leave taken as a result of the harassment.

On completion of the investigation, all parties will be informed about the investigation findings and the outcome of the investigation.

Following an investigation concerning a sexual harassment complaint (irrespective of the findings), the Manager will:

- consult with the parties involved to monitor the situation and their wellbeing; and
- educate and remind all employees and volunteers of their obligations and responsibilities in relation to providing a workplace free from bullying

Outcomes will depend upon factors such as:

- The severity and frequency of the harassment;
- The weight of the evidence;
- The wishes of the person who was harassed;
- Whether the harasser could have been expected to know that such behaviour was a breach of policy;
- The level of contrition;
- Whether there have been any prior incidents or warnings.

If the investigation determines that sexual harassment has occurred, the Head of the IGF Integrity Unit must forward a summary of the complaint and the action taken to the Executive Director. A copy may be placed in the respondent’s personnel file by the Executive Director.

The Manager will monitor the outcome to ensure that the offensive behaviour has ceased, and that neither party has been victimised. This may involve follow-up interviews.

If there has been any substantiated victimisation, the Head of the IGF Integrity Unit will refer the case to the IGF Tribunal.
Procedures for Dealing with Criminal Conduct

Some forms of severe sexual harassment (e.g. sexual assault, stalking, indecent exposure, physical molestation, obscene phone calls) may constitute criminal conduct.

While the IGF is committed to treat most sexual harassment complaints at a company level as far as possible, this type of conduct is not suited to internal resolution. Such complaints should be treated by the criminal justice system.

In relation to alleged criminal offences such as rape or sexual assault, the matter must be immediately referred to the Head of the IGF Integrity Unit. The complainant should be advised of the option of police support or intervention. It is not the obligation or duty of the company to report such matters to the police on behalf of the complainant.

SCOPE OF APPLICATION
a) This Framework applies:
   i. During any IGF Event or Competition;

   iii. To alleged incidents of harassment and abuse.

b) For the purposes of this Policy:

“Harassment” or “harassment and abuse” includes psychological abuse, physical abuse, sexual harassment and neglect. These forms of harassment and abuse may occur in combination or in isolation.

“Psychological abuse” means any unwelcome act including confinement, isolation, verbal assault, humiliation, intimidation, infantilisation, or any other treatment which may diminish the sense of identity, dignity and self-worth.

“Physical abuse” means any deliberate and unwelcome act - such as for example punching, beating, kicking, biting and burning - that causes physical trauma or injury. Such act can also consist of forced or inappropriate physical activity (e.g., age-, or physique-inappropriate training loads; when injured or in pain), forced alcohol consumption, or forced doping practices.

“Sexual harassment” means any verbal or physical conduct of a sexual nature, which is unwelcome, or where consent is coerced, manipulated or cannot be given. Sexual harassment can take the form of sexual abuse.

“Neglect” within the meaning of these Guidelines means the failure of a coach or another person with a duty of care towards the athlete to provide a minimum level of care to the athlete, which is causing harm, allowing harm to be caused, or creating an imminent danger of harm.

“Child / adolescent” or collectively “Minor” shall mean any Participant under the legal age of majority of the country in which the IGF Event or Competition is taking place at the time of the start of the IGF Event or Competition.

Harassment and abuse can be based on any grounds including race, religion, colour, creed, ethnic origin, physical attributes, gender, sexual orientation, age, disability, socioeconomic status and athletic ability. It can include a one-off incident or a series of incidents. It may be in person or online. Harassment may be deliberate, unsolicited and coercive. Harassment and abuse

POLICY OBJECTIVES

This Supplier Code outlines the IGF’s minimal requirements from its suppliers – defined as any third party providing or intending to provide goods and services to the IGF.

Compliance with the Supplier Code is required as part of procurement or licensing contracts between the IGF and its suppliers of goods and services, for contracts signed after the entry into force of the present Code. The IGF also expects its suppliers to ensure these requirements are being applied by their own suppliers and subcontractors. As the business relationship develops, the IGF expects suppliers to continuously improve their environmental and social performance.

The following sections set out the standards the IGF expects its suppliers to comply with and the processes it expects them to implement. The IGF’s requirements reflect its commitment to promoting adherence to internationally agreed standards, including the UN Universal Declaration of Human Rights, the ILO Declaration on Fundamental Principles and Rights at Work and the UN Guiding Principles on Business and Human Rights. The IGF has also drawn from a number of multi-stakeholder standards, including the UN Global Compact and Global Social Compliance Programme Reference Tools. In doing so, the IGF aims to align its requirements with international standards and to promote comparability between the standards of different buying organisations.

For certain categories of goods and services, more specific sustainability requirements and recommendations have been defined by the IGF and may apply in addition to those outlined in this Supplier Code. Such additional requirements and recommendations will be communicated to the supplier separately and will be reflected in specific contractual clauses, where appropriate.

• Suppliers shall not make any deductions from wages that are unauthorised or not provided for by national law. Suppliers shall not make any deduction from wages as a disciplinary measure.
• Suppliers shall provide all legally required benefits, including paid leave, to all workers, as well as maternity leave provision and support for child care where appropriate.
• Suppliers shall always compensate all workers for all overtime at a premium rate, as required by law and, where applicable, by contractual agreement.

WORKING HOURS
• Suppliers shall set working hours that comply with national laws or benchmark industry standards or relevant international standards, whichever affords greater protection to ensure the health, safety and welfare of workers.
• Workers shall be provided with at least one day off in every seven-day period or, where allowed by national law, two days off in every 14-day period, as well as public and annual holidays.

ENVIRONMENTAL STANDARDS
• Suppliers shall implement business practices that minimise the impact of their operations, products and services on the environment, covering impacts such as the use of natural resources and energy, the production of waste, the emission of hazardous substances, carbon emissions, damage to biodiversity and other forms of nuisance.
• Suppliers should follow a precautionary approach to environmental matters and should strive to prevent and rectify pollution at source.

WASTE MINIMISATION
The IGF places a high priority on the prevention of waste. Suppliers are expected to demonstrate a proactive approach in this area by:
• Proposing products and services that generate minimal amounts of waste during their life-cycle, including packaging waste, and avoiding single-use plastics;
• Maximising the life duration of their products, through appropriate design, ease to repair, etc.;
• Ensuring the products supplied and their packaging can be easily reused or recycled;
• Proposing solutions to take back products and ensure their reuse or recycling, if requested by the IGF;
• Proposing products incorporating some reused or recycled materials.

OPTIMISATION OF TRAVEL AND FREIGHT
• For the delivery of their goods or services, suppliers should aim to minimise transport distances and optimise transport efficiency. Low- or zero-emission transport modes should be favoured.
• If vehicles are used, preference should be given to electric or hybrid vehicles or low fuel-consumption vehicles (e.g. label A or B under the EU labelling scheme) that meet the EURO 6 emission standards.
• For long-distance freight, transport by train and boat should be given preference over air transport.

ANTI-BRIBERY AND CORRUPTION
• This section covers the IGF’s general principles and standards on anti-bribery and corruption (ABAC) and the maintenance of business documentation and financial records. It reinforces the IGF’s commitment to obliging suppliers to comply with all applicable laws on ABAC and to maintaining accurate records of business dealings with the IGF.
• Suppliers will at all times comply with all applicable laws and regulations related to their activities and to the provision of the services, including (without limitation) all applicable anti-bribery and anti-corruption laws (some of which may have an extra-territorial reach) and respect the principles contained in the UN Guiding Principles on Business and Human Rights.
• Suppliers shall not, directly or through a third party, promise, offer, make, authorise, solicit or accept any financial or other advantage, to or from anyone to obtain or retain business, or secure an improper advantage in the conduct of business. This rule applies regardless of whether such third parties are government officials or work in a private sector entity.
• Financial or other advantage covers anything of value, including cash, gifts, services, job offers, loans, travel expenses, entertainment or hospitality.
• All facilitation payments are prohibited as they are bribes. These payments are unofficial, improper, small payments or gifts offered or made to secure or expedite a routine or necessary action to which the IGF is legally entitled. The IGF’s ABAC programme includes the following elements:
  o The IGF’s leadership and managers lead by example, ensuring its staff and relevant third parties are aware of the ethical significance and critical role of its ABAC principles and standards.
  o The IGF performs a comprehensive risk assessment to determine the supplier’s exposure to bribery and corruption. The risk assessment is reviewed and updated regularly to reflect changes in the IGF’s risk profile.
  o The IGF performs risk-based due diligence prior to engaging any third party or undertaking a business development transaction and ensures appropriate contractual clauses and monitoring controls are put in place as described in the relevant written standards.
  o All the IGF’s financial books and records accurately reflect and disclose the business rationale, purpose, substance and legality of all of its local and cross-border transactions, payments and expenses.
  o The IGF does not induce third parties to make incomplete or misleading entries in their records.
PRINCIPLES OF IMPLEMENTATION

COMPLYING WITH THE SUPPLIER CODE

- The requirements set out in this Code constitute minimum and not maximum standards. Suppliers are expected to comply with applicable laws and regulations related to anti-bribery and corruption, and environmental and social responsibility. Where regulatory provisions are more stringent, suppliers shall apply the more stringent provisions.

INTEGRATING SUSTAINABILITY INTO BUSINESS PRACTICES

- Suppliers should take appropriate steps to integrate the relevant requirements of this Code into their business management practices. It is the supplier’s responsibility to meet the IGF’s standards and to communicate, monitor and enforce these standards within their own supply chain.

TRANSPARENCY

- Suppliers shall agree with the IGF in advance on the organisations and the production site(s) to be used.
- Sub-contracting of any kind (e.g. organisations, sites or units) is not permitted without pre-authorised permission in writing from the IGF.
- In today’s increasingly transparent world, the IGF is committed to working with its suppliers in an open, constructive and transparent manner, and requests its suppliers to do the same. In this spirit, suppliers must be willing to provide information about a product’s or service’s social, environmental and ethical credentials, including full details of all sites used (e.g. factories). The IGF also reserves the right to disclose such information as part of its sustainability reporting.

CLAIMS AND DECLARATIONS

- Suppliers must ensure that any claims and declarations made about products and services (e.g. recyclability, recycled content or “carbon neutral” labels) are legal, honest, transparent and verifiable. When using third-party logos (e.g. FSC®, Fairtrade or Rainforest Alliance), the necessary licenses and permissions must be obtained from the corresponding certification or licensing body prior to use.

WORKPLACE COMPLAINTS MECHANISM

- Suppliers shall provide a mechanism for their employees and workers in their supply chain to raise workplace issues and concerns without fear of retribution. This mechanism should involve an appropriate level of management and seek to address concerns promptly and transparently. Arrangements must allow for issues and concerns to be raised and addressed anonymously and be clearly communicated to all workers and their representatives.

MONITORING AND EVALUATION

- The IGF will monitor its suppliers’ adherence to its requirements through various methods, including reviewing documented evidence or independent specialist audits if deemed relevant. Any violations of the IGF Supplier Code may jeopardise the supplier’s business relationship with the IGF and may lead to the termination of the contract or cooperation. The IGF reserves the right to take any further legal action at its discretion.

1 Including those contained in the International Bill of Human Rights and the International Labour Organisation’s Declaration on Fundamental Principles and Rights at Work

2 International standards recommend the progressive reduction of normal hours of work, when appropriate, to 40 hours per week, without any reduction in workers’ wages as hours are reduced

**POLICY OBJECTIVES**
This policy sets out the requirements for the awarding of any IGF Growth Grants or funding initiatives that the IGF wishes to implement.

**POLICY DESCRIPTION**

I. Eligibility
Only National Federation members of the IGF are eligible for funding from the IGF.
The IGF Growth and Development Committee will determine the specific additional eligibility criteria for the grant.
Each applicant must meet the specific eligibility criteria for the grant to be considered for any funding.

II. Selection Criteria
The IGF Growth and Development Committee will determine the selection criteria and the mandatory information, documentation and attachments for the grant and the mode of submitting the application.

III. Application Assessment
All applications will initially be assessed against the eligibility criteria. All eligible applications will then proceed to the selection criteria assessment stage and will be assessed consistently using the same selection criteria.
Eligible applications that are assessed by the IGF Growth and Development Committee as meeting or exceeding the selection criteria will proceed to Executive Director for final approval.

IV. Notification
All applicants will be notified in writing of the outcome of their grant application.
The Executive Director’s decision is final in all matters, including the:
• grant amount to be awarded; and
• terms and conditions of funding.
There is no review or appeals process after the Program Delegate’s final decision.

V. Funding Agreement
Successful applicants must enter into a funding agreement with the IGF which must be executed within 30 days of a written offer. The offer may lapse if both parties do not execute the grant agreement within this time.
Approval of grant funding is based on information provided in the application. Any changes to details will be reviewed to consider any potential impact on approval by the Executive Director.
Grant payment will not be made until an executed funding agreement is in place, and IGF will not be responsible for any project expenditure until this time.
Funding approval may have specific conditions that have been determined through the assessment process. Any such details will be specified in a written offer as well as the funding agreement. The timeline for completion of the project will be specified in the funding agreement.

VI. Payment

The funding agreement will state the:

- maximum funding amount payable to the organisation; and
- any co-contributions applicable to the project.

IGF will not exceed the maximum funding amount under any circumstances. Any extra costs incurred will be the responsibility of the grantee or organisation responsible for the project. IGF will transfer grant funding electronically into a nominated Australian bank account. Specific requirements for the bank account will be set out in the funding agreement. IGF will issue payment based on:

- agreed progress against milestones; and
- acceptance of satisfactory progress reports.

VII Monitoring and Compliance

Grantees are required to submit Progress and Financial reports in line with the funding agreement. Required details for reports include:

- progress against agreed project milestones;
- contributions of participants directly related to the project;
- expenditure of grant funds against deliverables; and
- evaluation of increased participation levels.

Milestones and the amount of detail provided in reports will be proportionate to the project size, complexity and grant amount.

IGF will monitor project progress by assessing submitted reports, and may conduct site visits to confirm details as necessary. In some cases, IGF may need to re-examine claims, seek further information or request an independent audit of claims and payments.

If applicant becomes aware of a breach of terms and conditions under the funding agreement, IGF must be contacted immediately.

VII Progress report

Grant payments are made on receipt of satisfactory progress reports.

Any delays of project reporting should be discussed with IGF as soon as possible after they have been identified.

VIII End of project report

End of project report requirements will be outlined in the funding agreement. These requirements may include:

- providing evidence as specified in the grant agreement;
- detailing total eligible expenditure incurred for the project;
• an evaluation of the completed project, including the outcomes achieved, particularly in relation to increased participation;
• acquittal of IGF grant amount and expenditure against deliverables;
• submission within four weeks of completing the project; and/or
• reporting in a format provided in the grant agreement.

IX Ad hoc report
Ad hoc reports may be required for the project. This may include reports to confirm progress, or to explain any significant delays or difficulties in completing the project.

X Financial and audit report
Where total project cost is greater than $250,000, or we consider your project to be high risk, the applicant will need to provide an independently audited financial and audit report. A financial and audit report will verify that expenditure of the grant as specified in the grant agreement.

XI Compliance visits
IGF may visit the site during the project period to review compliance with the funding agreement, and to inspect relevant records that must be kept under the funding agreement. IGF will provide reasonable notice of any compliance visit.
